

Community Pre-schools Whistleblowing Policy and Procedure

Community Pre-schools is committed to maintaining the highest standards of honesty, integrity, and accountability. This Whistleblowing Policy and Procedure provides a clear process for staff, volunteers, and related parties to raise concerns about wrongdoing in the workplace without fear of victimisation or reprisal. It is our intention to foster an environment where everyone feels empowered to report matters of concern in the public interest.

What is Whistleblowing?

Whistleblowing is when an employee, volunteer, or other representative knows, or suspects, that wrongdoing is occurring within settings environment and alerts the Management or the relevant authority accordingly. Such concerns may relate to the behaviour of employees, volunteers, contractors, or others associated with the pre-school.

Legal Framework

This policy aligns with the Public Interest Disclosure Act 1998 (PIDA), which offers protection to individuals who make certain disclosures of information in the public interest. Under PIDA, disclosures are protected where the whistleblower has a reasonable belief that their report tends to show one or more of the following:

- A criminal offence has been committed, is being committed, or is likely to be committed
- Breach of a legal obligation
- A miscarriage of justice
- A danger to the health and safety of an individual
- Damage to the environment
- Deliberately covering up information showing any of the above

This policy applies to all Managers, staff, volunteers, trainees, and any other individuals working at Community Pre-schools

Types of Concerns Covered

The policy is intended to cover serious concerns that fall within the scope of the points listed above, including but not limited to:

- Fraud or financial irregularity
- Physical, emotional, or sexual abuse of children or adults
- Neglect of children or unsafe practices
- Unlawful discrimination or harassment
- Environmental risks or deliberate damage to the environment
